Dear Professor Lindqvist:

Thank you very much for your letter of December 22, which reached me about two weeks ago, for your kind words about one of my books, and, in particular, for taking your time to point out to an error in the book, which I shall try to correct as quickly as possible.

Let me mention that I had contact with your wonderful country in two ways, firstly, through our honeymoon trip to Bergen and Oslo, and secondly, through many very excellent students from Norway I had at my Institute in Graz, Austria, quite some time ago.

With cordial thanks and best wishes,

*Erwin Kreuprig*
