L^AT_EX-BEAMER STYLE FOR NTNU

Demo of the `plain` style

A slide in plain style

This style is set up with

```
\usetheme[slogan=english, style=plain]{NTNU}
```

Here you can see that the `plain` (default) style has just a logo in the bottom left and a slide number in the bottom right.

The slogan can be `english` or `norwegian` depending on the `slogan=` option. Here it is set to `english` (default).

The slide number can also have the total number of slides setting `frametotal=true`, which is `false` (the default) here.
